

Saturday's Workshop Descriptions

How to Field Dress a Deer: Gutless	A hands-on demonstration on the proper methods for field dressing and properly caring for the meat of a white-tailed deer.
Skinning for Taxidermy	A demonstration on proper methods for skinning a whitetailed deer.
Butchering a Deer	Packaging your own meat doesn't have to be difficult. Learn how to skin and butcher your deer quickly and safely.
The Art of Smoking Sausage	Sausage is not only tasty, it's easy! Learn about the tricks to making your own sausage and jerky.
Preparing Fish: Cleaning & Filletting Trout, Bass, Kokanee, Steelhead, etc.	Come learn how to clean, fillet, and prepare fish in a variety of ways!
Processing Fish: Smoking, Canning, Grilling, Pan Fry, Baking, etc.	There are so many ways to enjoy fish! Learn some new techniques.
Whitetailed Deer Hunting	Whether you bow or rifle hunt whitetailed deer, attend this workshop to learn how to be successful this fall.
Elk Hunting	Whether you bow or rifle hunt elk, attend this workshop to learn how to set up to be successful this fall.
Mountain Lion Hunting	Mountain Lion hunting can be a unique sport to try. Learn more about methods and technique.
Fall Chinook	Fishing for Chinook can be a fun experience. Come learn more about how to hook into one.
Steelhead Fishing	Steelhead are amazing ocean-going trout. Learn more about how to fish for them.
Cutthroat Fishing	We have some amazing cutthroat opportunities in our area. Learn the ins and outs.
Kokanee and Bass Fishing on Dworshak	Learn from local biologists what techniques are used to fish for both Kokanee and bass on our region's largest reservoir!
Choosing the Right Equipment: Rod & Reel, Line, etc.	Choosing the right gear for your catch can be challenging, but we'll discuss options.
Choosing the Right Weapon: Shotguns & Rifles	Choosing the right rifle caliber for the right style of shotgun can be difficult. In this course, we'll discuss the options to aid in your choice.
Bow Hunting	We have two experienced bow hunters that will go over the difference between traditional and modern hunting methods.
Muzzleloading	Learn more about this primitive technique.
Duck Hunting	Ever think of getting into waterfowl hunting? Come learn from this experienced duck hunter what you'll need to get started.
Upland Game Bird Hunting	This region has a lot to offer for upland game but where to go and where to start may be a mystery. Let us show you the options!
Trapping in Idaho	Ever dream of running your own trap line? Learn the tricks of the trade from this experienced trapper.
Mapping the Hunt/Waters: Hunt & Fish Planner	Your success in the woods and water depends on preparation. Learn how to use maps and Google Earth to look for, access, scout, and plan your trip.
Preparing for a Backcountry Trip	We'll discuss safety, survival, equipment, and proper trip preparation for your upcoming excursion.
Women in the Outdoors: Field Training Dog Demo	In this dynamic forum, you'll hear their views on what it means to be a huntress and have a chance to interact with the speakers while they do a dog training demonstration.

Workshops for all ages!

Topics to prepare you for your next adventure.

Saturday's Workshop

At any one time there will be several workshops to choose from. Most workshop takes place twice during the day in case there is a conflict. Lunch will be available from 11 to 2pm along with fish & wild game tastings. When presenters are not hosting a workshop they will be available for further discussions at their booths as indicated on the map.

Symposiums	
Mountains to Meals	You bagged your deer, now what? Learn what to do from harvest to freezer.
Bows and Firearms	Choosing your method of hunting can be daunting, let these experts help.
Small Game Hunting	Learn about small game opportunities in the Region and some new skills too!
Preparing for the Hunt	Technology, safety and access are a must know before heading to the field.
Big Game Hunting	Idaho offers a lot of big game opportunity, come learn where to start.
Special Topics	These workshops touch on some of those topics rarely discussed.
Food	We all get hungry, come get some grub!
Fish	Come learn how to get started and where to go in the Clearwater Region!
For the Kids	There is plenty for kids to do under the supervision of trained experts!

Friday's events are all about firearms, from sighting in your new rifle to proper cleaning. This event is all hands on with many experienced marksman from the Lewis-Clark Wildlife Club to help answer your firearm questions.

Free hamburgers & hotdogs will be available along with refreshments for this event.

FRIDAY'S ACTIVITIES **Descriptions**

Sight in your own rifle or shotgun*	Already have that rifle or shotgun but haven't sighted it in yet? There are 18 shooting lanes, trap throwers and experts on hand to help you get started.
Which rifle is right for you?***	Ever wonder which caliber to buy for hunting big game? Come try 4 common calibers! There will be .243, .270, .338 & 7mm mag available for shooting.
12 gauge or 20 gauge Shotguns***	Try shooting some trap with the two most common shotgun gauges for upland game.
Muzzleloading	You are welcome to bring your muzzleloader to this event and these experts will help you sight it in.
Proper Firearm Cleaning	Once you're done shooting, these experts will teach you the proper method for cleaning your gun.
Firearm Safety	Firearm safety is a must and here experts will discuss the proper handling and safety precautions for carrying, traveling and storing of your firearms.

*Sighting in your gun at this event is free but you must bring your own ammunition.

**We have limited amount of ammunition on hand for these calibers so only a few shots per person.

***We have limited amount of ammunition and clays on hand for each person, however more clays are available for purchase.

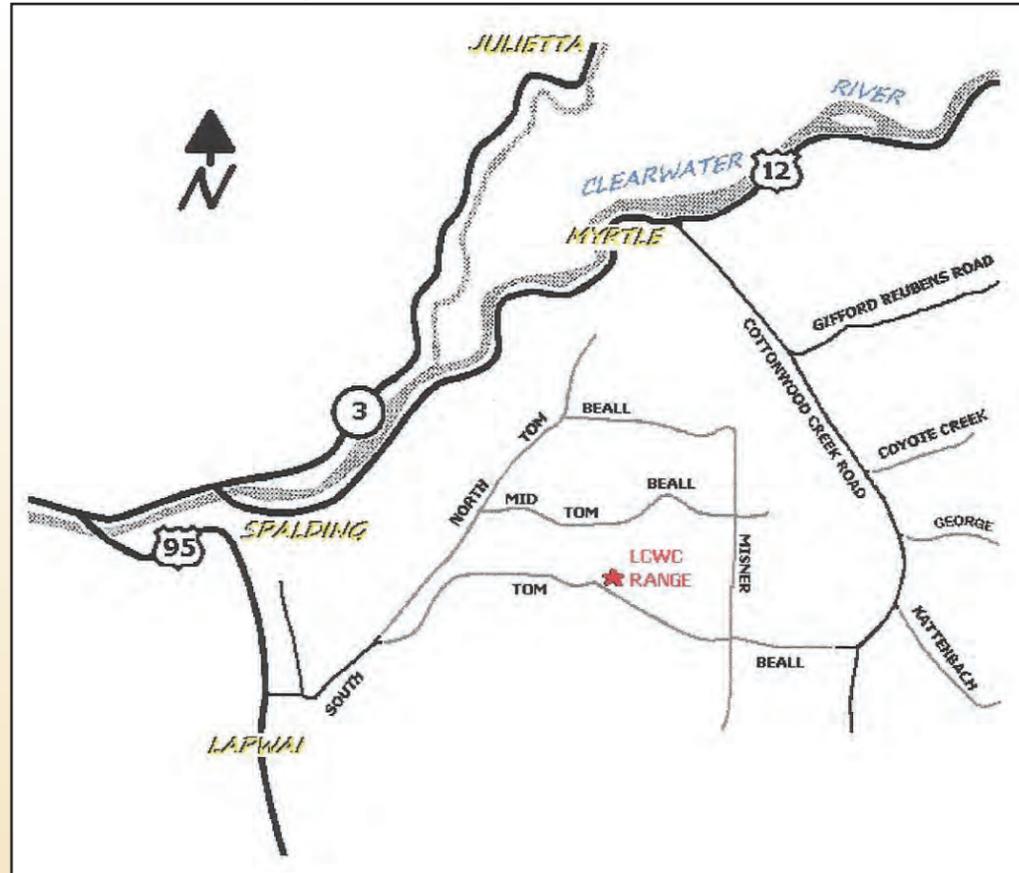

Other Important Notes:

This workshop is designed for teaching those who are new to shooting or have a new firearm to sight in.

All proper gun handling and safety will be strictly enforced.

The max distance for shooting at this event is 100 yards.

LEWIS-CLARK WILDLIFE CLUB Location

The Lewis-Clark Wildlife Club Range is located 15 miles of SE of Lewiston on South Tom Beall Rd.

HIGHWAY 95: From 1/2 mile North of Lapwai, follow the signs on South Tom Beall Road. The pavement turns to gravel at the 1.1 mile fork. Stay to the right. The range is on your left 4.3 miles from Highway 95

HIGHWAY 12: From 1/2 mile East of Myrtle, follow Cottonwood Creek Road 6.0 miles to South Tom Beall Road. At 6.5 miles the pavement turns to gravel. The range is on your right 9.3 miles from Highway 12
